Balloon Flying Handbook introduces basic pilot knowledge and skills that are essential for piloting balloons. It introduces pilots to the broad spectrum of knowledge that will be needed as they progress in their pilot training. This handbook is for student pilots, as well as those pursuing more advanced pilot certificates. Student pilots learning to fly balloons, certified pilots preparing for additional balloon ratings or who desire to improve their flying proficiency and aeronautical knowledge, and commercial balloon pilots teaching balloon students how to fly should find this handbook helpful. This book introduces the prospective pilot to the realm of balloon flight and provides information and guidance to all balloon pilots in the performance of various balloon maneuvers and procedures. It is essential for persons using this handbook to become familiar with

and apply the pertinent parts of 14CFR and the Aeronautical Information Manual (AIM).

Performance standards for demonstrating competence required for pilot certification are prescribed in the appropriate balloon practical test standard.
