Provides a comprehensive review of all exam topics, test-taking strategies, and two full-length practice tests with detailed answer explanations.

Five Points OUP Oxford

Enhances the world history curriculum through analysis of primary and secondary sources. Features 23 new and revised document-based questions covering significant eras. Teacher support includes scoring rubric and tips for implementation.

The Jungle Harper Collins

The Jungle is a 1906 novel written by the American journalist and novelist Upton Sinclair (1878–1968). Sinclair wrote the novel to portray the lives of immigrants in the United States in Chicago and similar industrialized cities. Many readers were most concerned with his exposure of health violations and unsanitary practices in the American meatpacking industry during the early 20th century, based on an investigation he did for a socialist newspaper. The book depicts working class poverty, the lack of social supports, harsh and unpleasant living and working conditions, and a hopelessness among many workers. These elements are contrasted with the deeply rooted corruption of people in power. A review by the writer Jack London called it, "the Uncle Tom's Cabin of wage slavery." Sinclair was considered a muckraker, or journalist who exposed corruption in government and business. He first published the novel in serial form in 1905 in the Socialist newspaper, *Appeal to Reason*, between February 25, 1905, and November 4, 1905. In 1904, Sinclair had spent seven weeks gathering information while working incognito in the meatpacking plants of the Chicago stockyards for the newspaper. It was published as a book on February 26, 1906 by Doubleday and in a subscribers' edition.

Westward Expansion W. W. Norton & Company

In this landmark biography, Jane Addams becomes America's most admired and most hated woman—and wins the Nobel Peace Prize. Jane Addams (1860–1935) was a leading statesperson in an era when few imagined such possibilities for women. In this fresh interpretation, the first full biography of Addams in nearly forty years, Louise W. Knight shows Addams's boldness, creativity, and tenacity as she sought ways to put the ideals of democracy into action. Starting in Chicago as a co-founder of the nation's first settlement house, Hull House—a community center where people of all classes and ethnicities could gather—Addams became a grassroots organizer and a partner of trade unionists, women, immigrants, and African Americans seeking social justice. In time she emerged as a progressive political force; an advocate for women's suffrage; an advisor to presidents; a co-founder of civil rights organizations, including the NAACP; and a leader for international peace. Written as a fast-paced narrative, Jane Addams traces how one woman worked with others to make a difference in the world.

The Social Gospel MacMillan Publishing Company
NEW YORK TIMES BESTSELLER • Finalist for the PEN/USA Award in Creative Nonfiction, the Thurber Prize for American Humor, and the Audie Award in Biography/Memoir This Random House Reader's Circle edition includes a reading group guide and a conversation between Firoozeh Dumas and Khaled Hosseini, author of *The Kite Runner*! "Remarkable . . . told with wry humor shorn of sentimentality . . . In the end, what sticks with the reader is an exuberant immigrant embrace of America."—San Francisco Chronicle In 1972, when she was seven, Firoozeh Dumas and her family moved from Iran to Southern California, arriving with no firsthand knowledge of this country beyond her father's glowing memories of his graduate school years here. More family soon followed, and the clan has been here ever since. Funny in Farsi chronicles the American journey of Dumas's wonderfully engaging family: her engineer father, a sweetly quixotic dreamer who first sought riches on Bowling for Dollars and in Las Vegas, and later lost his job during the Iranian revolution; her elegant mother, who never fully mastered English (nor cared to); her uncle, who combated the effects of American fast food with an army of miraculous American weight-loss gadgets; and Firoozeh herself, who as a girl changed her name to Julie, and who encountered a second wave of culture shock when she met and married a Frenchman, becoming part of a one-couple melting pot. In a series of deftly drawn scenes, we watch the family grapple with American English (hot dogs and hush puppies?—a complete mystery), American traditions (Thanksgiving turkey?—an even greater mystery, since it tastes like nothing), and American culture (Firoozeh's parents laugh uproariously at Bob Hope on television, although they don't get the jokes even when she translates them into Farsi). Above all, this is an unforgettable story of identity, discovery, and the power of family love. It is a book that will leave us all laughing—without an accent. Praise for *Funny in Farsi* "Heartfelt and hilarious—in any language."—*Glamour* "A joyful success."—*Newsday* "What's charming beyond the humor of this memoir is that it remains affectionate even in the weakest, most tenuous moments for the culture. It's the brilliance of true sophistication at work."—*Los Angeles Times Book Review* "Often hilarious, always interesting . . . Like the movie *My Big Fat Greek Wedding*, this book describes with humor the intersection and overlapping of two cultures."—*The Providence Journal* "A humorous and introspective chronicle of a life filled with love—of family, country, and heritage."—*Jimmy Carter* "Delightfully refreshing."—*Milwaukee Journal Sentinel* "[*Funny in Farsi*] brings us closer to discovering what it means to be an American."—*San Jose Mercury News*

The Growth of Cities in the Nineteenth Century Perfection Learning
An A-to-Z historical encyclopedia of US people, places, and events, with nearly 1,000 entries "all equally well written, crisp, and entertaining" (*Library Journal*). From the origins of its native peoples to its complex identity in modern times, this unique alphabetical reference covers the political, economic, cultural, and social history of America. A fact-filled treasure trove for history buffs, *The Reader's Companion* is sponsored by the Society of American Historians, an organization dedicated to promoting literary excellence in the writing of biography and history. Under the editorship of the eminent historians John A. Garraty and Eric Foner, a large and distinguished group of scholars, biographers, and journalists—nearly four hundred contemporary authorities—illuminate the critical events, issues, and individuals that have shaped our past. Readers will find everything from a chronological account of immigration; individual entries on the Bull Moose Party and the Know-Nothings as well as an article on third parties in American politics; pieces on specific religious groups, leaders, and movements and a larger-scale overview of religion in America. Interweaving traditional political and economic topics with the spectrum of America's social and cultural legacies—everything from marriage to medicine, crime to baseball, fashion to literature—the *Companion* is certain to engage the curiosity, interests, and passions of every reader, and also provides an excellent research tool for students and teachers.

The Church in Colonial Latin America Cambridge University Press
In *The Long Way Home*, award-winning writer David Laskin traces the lives of a dozen men who left their childhood homes in Europe, journeyed through Ellis Island, and started over in a

strange land—only to cross the Atlantic again in uniform when their adopted country entered the Great War. Though they had known little of America outside of tight-knit ghettos and backbreaking labor, these foreign-born conscripts were rapidly transformed into soldiers, American soldiers, in the ordeal of war. Two of the men in this book won the Medal of Honor. Three died in combat. Those who survived were profoundly altered—and their heroic service reshaped their families and ultimately the nation itself. Epic, inspiring, and masterfully written, this book is an unforgettable true story of the Great War, the world it remade, and the humble, loyal men who became Americans by fighting for America.

The American Yawp ASCD

The very letters of the two words seem, as they are written, to redden with the blood-stains of unavenged crime. There is Murder in every syllable, and Want, Misery and Pestilence take startling form and crowd upon the imagination as the pen traces the words." So wrote a reporter about Five Points, the most infamous neighborhood in nineteenth-century America, the place where "slumming" was invented. All but forgotten today, Five Points was once renowned the world over. Its handful of streets in lower Manhattan featured America's most wretched poverty, shared by Irish, Jewish, German, Italian, Chinese, and African Americans. It was the scene of more riots, scams, saloons, brothels, and drunkenness than any other neighborhood in the new world. Yet it was also a font of creative energy, crammed full of cheap theaters and dance halls, prizefighters and machine politicians, and meeting halls for the political clubs that would come to dominate not just the city but an entire era in American politics. From Jacob Riis to Abraham Lincoln, Davy Crockett to Charles Dickens, Five Points both horrified and inspired everyone who saw it. The story that Anbinder tells is the classic tale of America's immigrant past, as successive waves of new arrivals fought for survival in a land that was as exciting as it was dangerous, as riotous as it was culturally rich. Tyler Anbinder offers the first-ever history of this now forgotten neighborhood, drawing on a wealth of research among letters and diaries, newspapers and bank records, police reports and archaeological digs. Beginning with the Irish potato-famine influx in the 1840s, and ending with the rise of Chinatown in the early twentieth century, he weaves unforgettable individual stories into a tapestry of tenements, work crews, leisure pursuits both licit and otherwise, and riots and political brawls that never seemed to let up. Although the intimate stories that fill Anbinder's narrative are heart-wrenching, they are perhaps not so shocking as they first appear. Almost all of us trace our roots to once humble stock. Five Points is, in short, a microcosm of America.

A Square Deal Anchor

Covers significant eras in U.S. history. Encourages students to analyze evidence, documents, and other data to make informed decisions. Includes guidelines for students, answer prompts, and a scoring rubric. Develops essential writing skills.

A Sketch of the United States Government's Dealings with Some of the Indian Tribes Walch Publishing

A dramatic account of the Americans who tried to stop their nation from fighting in the First World War—and came close to succeeding. In this "fascinating" (*Los Angeles Times*) narrative, Michael Kazin brings us into the ranks of one of the largest, most diverse, and most sophisticated peace coalitions in US history. The activists came from a variety of backgrounds: wealthy, middle, and working class; urban and rural; white and black; Christian and Jewish and atheist. They mounted street demonstrations and popular exhibitions, attracted prominent leaders from the labor and suffrage movements, ran peace candidates for local and federal office, met with President Woodrow Wilson to make their case, and founded new organizations that endured beyond the cause. For almost three years, they helped prevent Congress from authorizing a massive increase in the size of the US army—a step advocated by ex-president Theodore Roosevelt. When the Great War's bitter legacy led to the next world war, the warnings of these peace activists turned into a tragic prophecy—and the beginning of a surveillance state that still endures today. Peopled with unforgettable characters and written with riveting moral urgency, *War Against War* is a "fine, sorrowful history" (*The New York Times*) and "a timely reminder of how easily the will of the majority can be thwarted in even the mightiest of democracies" (*The New York Times Book Review*).

AP US Hist 2016 Rowman & Littlefield Publishers

"A wonderfully readable account of Chicago's early history" and the inspiration behind PBS's *American Experience* (Michiko Kakutani, *The New York Times*). Depicting its turbulent beginnings to its current status as one of the world's most dynamic cities, *City of the Century* tells the story of Chicago—and the story of America, writ small. From its many natural disasters, including the Great Fire of 1871 and several cholera epidemics, to its winner-take-all politics, dynamic business empires, breathtaking architecture, its diverse cultures, and its multitude of writers, journalists, and artists, Chicago's story is violent, inspiring, passionate, and fascinating from the first page to the last. The winner of the prestigious Great Lakes Book Award, given to the year's most outstanding books highlighting the American heartland, *City of the Century* has received consistent rave reviews since its publication in 1996, and was made into a six-hour film airing on PBS's *American Experience* series. Written with energetic prose and exacting detail, it brings Chicago's history to vivid life. "With *City of the Century*, Miller has written what will be judged as the great Chicago history." —John Barron, *Chicago Sun-Times* "Brimms with life, with people, surprise, and with stories." —David McCullough, Pulitzer Prize-winning author of *John Adams* and *Truman* "An invaluable companion in my journey through Old Chicago." —Erik Larson, *New York Times*-bestselling author of *The Devil in the White City*

Was World War II really such a "good war"? Popular memory insists that it was, in fact, "the best war ever." After all, we knew who the enemy was, and we understood what we were fighting for. The war was good for the economy. It was liberating for women. A battle of tanks and airplanes, it was a "cleaner" war than World War I. Although we did not seek the conflict—or so we believed—Americans nevertheless rallied in support of the war effort, and the nation's soldiers, all twelve million of them, were proud to fight. But according to historian Michael C. C. Adams, our memory of the war era as a golden age is distorted. It has left us with a misleading—even dangerous—legacy, one enhanced by

the nostalgia-tinged retrospectives of Stephen E. Ambrose and Tom Brokaw. Disputing many of our common assumptions about the period, Adams argues in *The Best War Ever* that our celebratory experience of World War II is marred by darker and more sordid realities. In the book, originally published in 1994, Adams challenges stereotypes to present a view of World War II that avoids the simplistic extremes of both glorification and vilification. *The Best War Ever* charts the complex diplomatic problems of the 1930s and reveals the realities of ground combat: no moral triumph, it was in truth a brutal slog across a blasted landscape. Adams also exposes the myth that the home front was fully united behind the war effort, demonstrating how class, race, gender, and age divisions split Americans. Meanwhile, in Europe and Asia, shell-shocked soldiers grappled with emotional and physical trauma, rigorously enforced segregation, and rampant venereal disease. In preparing this must-read new edition, Adams has consulted some seventy additional sources on topics as varied as the origins of Social Security and a national health system, the Allied strategic bombing campaign, and the relationship of traumatic brain injuries to the adjustment problems of veterans. The revised book also incorporates substantial developments that have occurred in our understanding of the course and character of the war, particularly in terms of the human consequences of fighting. In a new chapter, "The Life Cycle of a Myth," Adams charts image-making about the war from its inception to the present. He contrasts it with modern-day rhetoric surrounding the War on Terror, while analyzing the real-world consequences that result from distorting the past, including the dangerous idea that only through (perpetual) military conflict can we achieve lasting peace.

[The Gilded Age](#) Youcanprint

Luis Alberto Urrea's *Across the Wire* offers a compelling and unprecedented look at what life is like for those refugees living on the Mexican side of the border—a world that is only some twenty miles from San Diego, but that few have seen. Urrea gives us a compassionate and candid account of his work as a member and "official translator" of a crew of relief workers that provided aid to the many refugees hidden just behind the flashy tourist spots of Tijuana. His account of the struggle of these people to survive amid abject poverty, unsanitary living conditions, and the legal and political chaos that reign in the Mexican borderlands explains without a doubt the reason so many are forced to make the dangerous and illegal journey "across the wire" into the United States. More than just an expose, *Across the Wire* is a tribute to the tenacity of a people who have learned to survive against the most impossible odds, and returns to these forgotten people their pride and their identity.

Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).
